Re: United States v. David Jordan & Anthony Bucci  
Crim. No. 04-10194-RCL

Dear Ms. Hourihan:

The Pretrial Order entered in this case on November 22, 2005, requires the parties to provide notice of any "requests for special arrangements," for the upcoming trial. The government has made two requests which this letter memorializes. First, the government has requested that a monitor reflecting the running transcript be made available at sidebar for sidebar conferences. (I have found it difficult to hear the Court at sidebar in past proceedings.) I have spoken with Ms. Joyce about this, and she has indicated that this could readily be accomplished.

Second, the government requests the use of the electronic overhead equipment, including the use of a touch-screen for witnesses on the witness stand. I understand that there have been problems with the touch screen in the past. If those problems persist, please notify me so that I can arrange to have some of the government's exhibits enlarged for use at trial.

Finally, by way of notice, the government intends to play recordings contained on compact disks. We will bring a portable CD player to be used in the courtroom and by the jury during deliberations.

Thank you for your assistance in this matter. If you have any questions regarding this, please call me at 617-748-3242.

Very truly yours,

MICHAEL J. SULLIVAN  
United States Attorney
